

Cognitive Tutor Users' Education Forum
Exploration of Open-ended Math Questions and Standardized Testing

Hosted by
School Performance Network
and
Carnegie Learning

June 10, 2004

8 AM to 3 PM

The University Club – 123 University Place – Pittsburgh, PA 15213

- ~ Valet parking available
- ~ Complimentary breakfast and lunch
- ~ Breakfast begins at 7:30 AM
- ~ Forum 8:00 AM to 3 PM

Keynote Address:
PSSA Open-ended Questions and Standardized Testing
Dr. Diane Briars, Senior Program Officer and
Math Supervisor, Pittsburgh Public Schools

Find out what your students know and can do! Join us on June 10 to:

- Develop and use rubrics
- Score open-ended items
- Examine student work
- Discuss the implications for classroom instruction

RSVP by Friday, May 28, 2004 to:
evanoffn@schoolperformance.org

Special Opportunity for Educators

In preparation for the June 10 Users' Education Forum, Carnegie Learning will develop End-of-the-Year Assessments, consisting of both short answer and open-ended response items. These will be available in early to mid-May and will be good practice for 9th and 10th graders for taking the PSSA.

We invite you to give the assessment to your students and to join us on June 10 to score the open-ended items. Please fill out and send your information indicating your intent to participate in the End-of-the-Year Assessments by FAX 412.201.7401 or e-mail evanoffn@schoolperformance.org before May 17.
